

Hazard	People at risk	Action taken	Notes
Adverse skin reactions due to applying face painting materials	Children and adults	Use approved paints and materials. Do not face paint children under three/with sensitive skin (offer to pain hand or arm instead). Advise people who appear to have skin conditions.	Farrar's Face painting and Tattoos, face painting materials and inks are industry standard and of high quality. Insurance may be invalid if painting children under 3.
Paint brush in the eye.	Children who cannot sit still	Do not face paint children under three years old who cannot follow instructions and make sure area around work space is clear of people and obstacles.	Offer to paint hand or arm instead.
Spreading infections (eg cold sores and conjunctivitis)	Children and adults	Do not paint the infected area. Keep painting implements clean: use clean sponges for each person, regularly wash brushes in use, regularly change water, thoroughly clean brushes, sponges and water bowls after every event.	
Aggravating existing skin conditions	Children and adults	Do no paint children or adults with sensitive skin, exzema, open cuts or sores, or other skin conditions.	
Falling off the chair	Young Children	Assit the child on and off the chair, ask parent to sit child on knee if required.	
Paint brush in the eye if the face painter is knocked	Children and adults	Keep a distance between spectators and face painter.	Organisers must provide face painters with an uncrowded area to work.
Falling or tripping over equipment	Spectators and staff	Keep work area tidy. Keep a clear space around the work area. Keep spectators away from the work area.	Organisers must provide face painters with an uncrowded area to work.
Ground Type	Spectators, staff, participants	The equipment is able to be installed on grass and hard standing, where gazebos are required, suitable grass should be provided for additional anchoring.	Gazebos provided by the client or our selves should be properly anchored and weighted. Only level ground should be used for all tables/chairs.

Hazard	People at risk	Action taken	Notes
Operation of equipment on site	Spectators, staff, participants	Face Painter to operate in a safe and level environment free from any hazard as assessed by the operator on site. Users will be instructed to queue in front of the equipment. Should any participant appear to be under the influence of alcohol/drugs to the extent where they are posing a risk to the operator/participants the operator will close the equipment/services down and seek assistance from the event organiser.	Children should be supervised by an adult at all times. Physical contact with the child is minimized with parents lifting children onto the chair and being present throughout.
Loading, unloading, handling and transportation of equipment	Spectators, staff, participants	All equipment must be handled in the correct manner. Manual handling should be reduced to a minimum by using available trolleys/trucks. Ramps/lifts to be used where required and available. Loads must be properly secured. Where required multiple persons must handle equipment. Individual persons should not undertake any thing that puts themselves or any one else at risk.	
User Safety	Spectators, staff, participants	Users must adhere to the staff members instructions at all times. Farrar's Facepainting And Tattoos is not responsible for any damage to personal effects, clothing or any items that may come into contact with the inks/paints being used.	Use protective equipment where possible, remove coats or scarfs that may come into contact with the area being painted.
